Contract RD-91, Acceptance of Deliverable Items

1. On 3 July 1956 the following items were received on a tentative loan basis from the [REDACTED]

25X1

- a. 1 Band 7 antenna with 1n26 detector
- b. 1 Band 8 antenna with 1n446 detector
- c. 1 Set of antenna pattern curves

The above items were invoiced on [REDACTED] dated 2 July 1956.

25X1

2. These units were originally received for the purpose of making extensive comparison tests between these and other similar antennas. Subsequently, they have been delivered to one of our operating components for further usage.

3. In response to a [REDACTED] request that we make some statement of disposition, it is requested that the Philco Corporation be notified that all listed items have been found acceptable, and are being held as part of the deliverable items on subject contract.
